QUALITÄT SEIT 1644

COMPANY

TUCHFABRIK MEHLER

Since 1644

From the fiber to the finished fabric. And all of this with a large portion of passion and dedication.

We produce quality in the oldest textile factory in Germany.

And quality can only arise when passion, know-how and experience come together.

Individual and customer-oriented – our loden and uniform fabrics, eco-friendly and decorative textiles are unique. In every sense.

ABOUT US

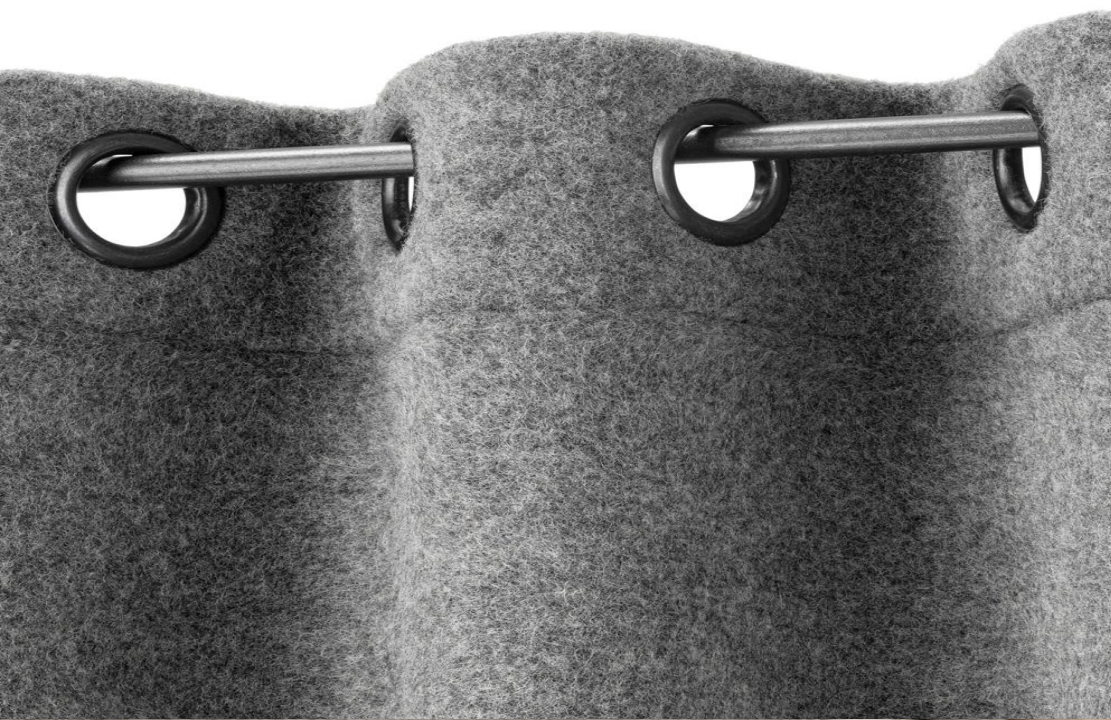

The cloth factory Gebrüder Mehler GmbH is now run by Paulus and Ludwig Mehler in the 11th generation.

This makes Mehler the oldest cloth manufacturer in Germany and also the 29th oldest industrial company in Germany.

ENVIRONMENT

SUSTAINABILITY

Wool grows completely naturally on millions of sheep all year round and is the product of water, air, sunlight and grass.

It is therefore a completely renewable and natural fiber.

If a wool fiber is disposed of, it will naturally decompose in the soil within a few years, allowing valuable nutrients to slowly return to the soil.

Our care for the environment is reinforced by Global Organic Textile Standard (GOTS) and IVN Naturtextil certifications.
